

Bando Progetto Geologia 2026

Eni and Eni Corporate University (ECU) provide to the students of the Master in Geology (all the Italian universities) a maximum number of **5 stages** to be held at the ENI headquarter of S. Donato Milanese (MI).

The stage has a duration of **3 months** aimed to finalize the Master thesis Project.

REQUIREMENTS

To participate to the call, the students of the University of Perugia must have the following requirements:

- to be **regularly enrolled** at the II year of the Master in **Geology for Energy Resources**, at the University of Perugia;
- to be **26 years old** or younger at the date of 31/12/2025;
- to have an average score of the exams equal or higher than **27/30**;
- to have a good knowledge of **English** (written and oral);
- to have passed at least 4 of the following **exams**: Sedimentary Geology; Exploration and Applied Geophysics; Global Tectonics and Global Changes; Structural Geology; Integrated Stratigraphy; Applied Geochemistry and Fluid rock interaction; Seismic interpretation and digital modelling.

The **application** includes:

- Curriculum Vitae
- Declaration of certification (Transcript of records), provided by the University, including all the exams passed in the Master of Geology for Energy Resources with score and CFU;
- Declaration of certification, provided by the University, including the enrolment (immatricolazione) and the attendance for the II year of the Master in Geology for Energy Resources;
- Self declaration (autocertificazione) of the degree of knowledge of the English language (written and oral), with possible supporting documentation.

All the documents have to be sent by **9 January 2026** via email, to:
application@eni.com.

The object of the email has to be: "Candidatura stage – Progetto Geologia 2026"

ASSIGNMENT modality

The assignment of internships will be decided by a "Technical Scientific Commission" composed solely of members of Eni and its affiliated companies which, after the assessment of the requirements set out in this Call, will call (**in distance**) the candidates to evaluate the aptitude and technical skills from 14 January 2026.

The evaluation will be carried out by the Technical Scientific Commission, also taking into account the applications presented by other Italian universities included in this Project.

TUTORSHIP

During the stage, the students will be supervised by Eni and UniPg tutors.

GRANT

For the 3 months ENI will give a grant of **800 €** gross per month, which will be paid to the IBAN in the name of the assignee student.

During the internship period, the student must comply with Eni's Code of Ethics, available on the website www.eni.com. Any violation of its provisions will result in the cancellation of the internship assignment.
